

UNIVERSITÀ DEGLI STUDI DI MILANO

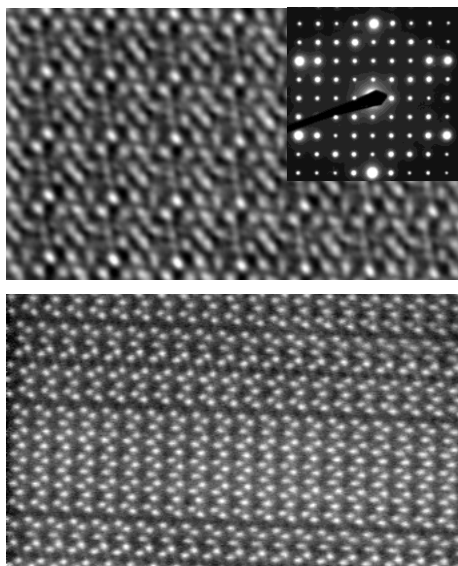

Corso di Dottorato in
Scienze della Terra

Milano - 18-22 Giugno 2018 - Short course (5 cfu)

Fundamentals of Transmission Electron Microscopy (TEM) and Spectroscopy Techniques

by Alessandro Genovese

PROGRAM

- * Introduction to Crystallography.
- * Diffraction and Scattering.
- * Basics of TEM and Lens Aberrations.
- * Diffraction in TEM.
- * Imaging Techniques.
- * Spectroscopy EDX and EELS.
- * Scanning TEM.
- * Sample Preparation.
- * The state-of-art of (S)TEM analysis.
- * *TEM Practice: Imaging and Diffraction, HRTEM.*

Alessandro Genovese
Staff Scientist
